THANKSGIVING GAMES

Thanksgiving bingo

A printable game for family and friends

24	25	32
UNIQUE CARDS	SQUARES PER CARD	CALLER WORDS

Print and set up

For 2-24 players or teams, plus one caller. This is word bingo for readers. Pair younger children or anyone who wants reading help with a reader.

Print on US Letter paper, single-sided, at 100% or Actual Size. Color is optional. Print pages 3-4 for the caller and one different card from pages 5-28 for each player. Page 2 is an optional call tracker.

Use pencils or large paper markers. An adult cuts out all 32 caller slips on pages 3-4. Fold or turn them face down and mix them well. Mark the FREE center on every player card before starting.

How to play

1. Draw one slip at random. Read the exact words aloud, then set the slip aside face up. Do not return it to the pile during the round.
2. Mark the matching square if it is on your card. Some calls will not appear on your card. Each word appears at most once per card.
3. Five marked squares in a straight line wins: across, down or diagonally. The free center counts as one square. Call "Bingo!" and check the line against the slips already drawn.
4. If more than one player finishes on the same call, share the win. For another round, clear the marks and mix all 32 caller slips again.

Keep it simple: give each person a different card number. For more than 24 players, share cards in teams. No prizes or purchases are needed.

CALLER GUIDE

Caller checklist
