DAILY DECIDE / THANKSGIVING TABLE

Will This Platter Fit Your Life?

Compare two options with the space and routines you actually have.

1 Start with what you own

☐ A platter I already own does the job. I can stop shopping here.

My existing favorite: _____

2 Measure your real space

Use one unit throughout: ☐ inches ☐ cm

Clear table landing spot: length _____ width _____

Cupboard space: length _____ depth _____ height _____

Cupboard door opening: width _____ height _____

Leave room for nearby dishes, your hands and the route to the table.

3 Compare the exact pieces

Check the maker's details. If missing or conflicting, confirm before buying.

What to check	Option A	Option B
Name / exact model		
Outer length x width Include handles		
Height / empty weight Weight, if provided		
Grip and carry Secure with both hands?		
Maker's oven guidance		
Maker's microwave guidance		
Maker's dishwasher guidance		
Cleaning / storage plan Sink or rack fit? Shelf space?		

For each care row, note exact limits, not just "safe." Blank is not approval.

Outside size is not usable serving area or a turkey-weight capacity.

My choice: ☐ Use what I own ☐ A ☐ B ☐ Pause and check details
