DAILY DECIDE

Thanksgiving word bingo

A free mini-pack for a small group

Six different cards, one caller, and a little fun while dinner finishes. This is word bingo for readers, not picture bingo. Younger children need help reading and finding the words.

Inside this 9-page mini-pack

Page 1: instructions. Pages 2-3: all 40 caller cards. Pages 4-9: six different bingo cards, numbered 01-06. Each card has a 4-by-4 grid with 16 words and no free space.

Print and set up

Print on US Letter paper (8.5 by 11 inches), single-sided, at 100% or Actual Size. Print both caller sheets and one different bingo card per player. Color is optional. You need pencils, an eraser for another round, and scissors for an adult to use.

For 2-6 players plus a caller, give each player a different card. An adult cuts out all 40 caller cards along the dashed lines, then mixes them face down.

How to play

1. The caller draws one card, reads the word aloud, and sets it aside. Keep called cards visible so a winning line can be checked.

2. If the word is on your card, mark that square with a pencil checkmark. Not every word will appear on every card.

3. The first player with four marked squares in a row, across, down, or diagonally, calls “Bingo!” Check the line against the called cards. If players finish on the same call, they share the win.

4. For another round, erase the marks or print fresh cards. Mix all 40 caller cards again. No purchases or prizes are needed.

THANKSGIVING GAMES

Bingo caller cards

Sheet 1 of 2. An adult cuts along the dashed lines. Mix all 40 cards before calling.
