# Pin the Wattle on the Turkey

A Thanksgiving party game for up to 12 players

## Choose your size

MINI GAME: print pages 2-3.
One Letter-size poster + 12 small pieces.

WALL GAME: print pages 4-9.
Four tiles make a 15 x 20 inch poster.
Includes 12 matching large pieces.

## Print and assemble

Use US Letter paper (8.5 x 11 inches), portrait, single-sided.
Choose Actual size / 100%. Turn off Fit or Shrink to page.
Check the 1-inch test line on page 3 or 8 before cutting.
For the wall poster, trim all four tiles on the thin outer rectangle.
Lay A1 + A2 above B1 + B2. Butt cut edges together with NO overlap.
Align the artwork, then tape the seams on the back.

## Get ready

An adult cuts around each red wattle. The wattle is the hanging skin below a turkey's beak - this turkey needs yours! Write down each player's number. Put a small loop of removable paper tape on the back. Test tape on the wall first; hang at a reachable height.

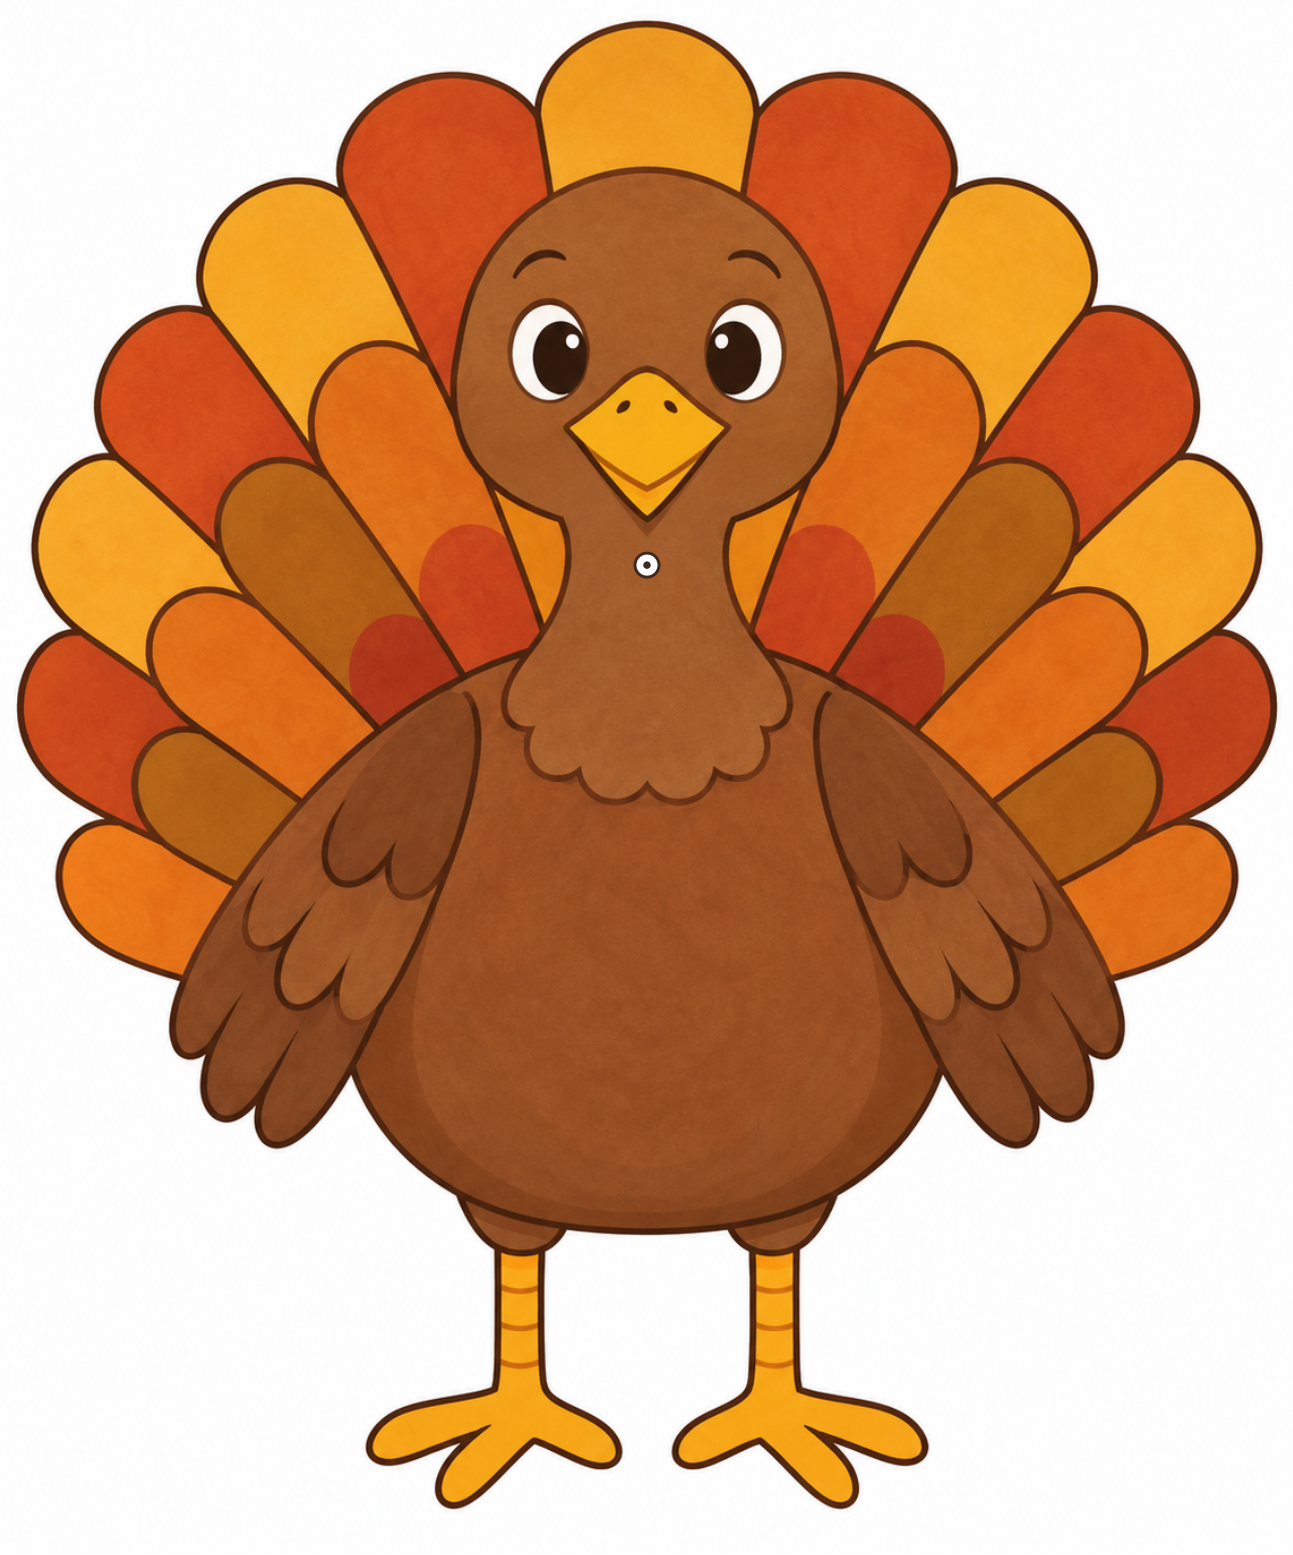

## How to play

Take turns placing a wattle. Match its small circle to the poster dot. Closest circle wins; ties share the win. Remove pieces gently to replay. Young children can play eyes open. Older players may close their eyes only if comfortable, with an adult guiding them from beside the poster. No spinning, walking blindfolded or forced eye covering. Use tape, never sharp pins. Adult supervision is needed for cutting and play.

### A cheerful no-blindfold version

Take turns with eyes open and see how silly your turkey can look!
